WEEKEND FOOD PROGRAM
“No hunger on our watch”

Dear Parent(s) and / or Guardian(s),

Our Schools are offering a program that provides our students with extra food for the weekend due to needs or current family circumstances. Each Friday, students who have returned this permission slip receive food that requires very little preparation. This program will run from the beginning of school until the end of the school year.

Of course, participation in this program is completely voluntary and will be kept confidential between your family, the classroom teacher, and the school counselor and principal.

Research has shown that participation in this type of program has been associated with better test scores, improvement in reading, behavior, attendance, and overall health and wellness. If you would like your child, or children, who attend school to participate in this program, please sign and return this form.

Your child should give this form to the school counselor. There is no financial commitment to this program. If you have any questions please contact your school counselor.
