

Pickens County Schools Districtwide Parental Involvement Plan

The Pickens County Board of Education recognizes that student academic success is directly linked by research to the quantity and quality of parental involvement. In an effort to provide an environment in which all Pickens County students have maximum opportunities to achieve their academic goals, Pickens County Schools will build capacity for parent involvement by working collaboratively with the parents and community. The goals of this collaboration will be to increase student academic performance and improve the quality of our schools by involving parents and community members in supporting school programs, expanding quality learning opportunities, reducing or removing barriers to participation, communicating information, and creating and maintaining a relevant parent involvement plan which is in compliance with the *Elementary and Secondary Education Act of 1965(ESEA)*.

PART I

GENERAL EXPECTATIONS

Pickens County Schools agrees to implement the following statutory requirements:

The school district will put into operation programs, activities and procedures for the involvement of parents in all of its schools with Title I, Part A programs, consistent with section 1118 of the Elementary and Secondary Education Act of 1965 (ESEA). These programs, activities and procedures will be planned and operated with meaningful consultation with parents of participating children.

Consistent with section 1118, the school district will work with its schools to ensure that the required school-level parental involvement policies meet the requirements of section 1118(b) of the ESEA, and each include, as a component, a school-parent compact consistent with section 1118(d) of the ESEA.

The school district will incorporate this districtwide parental involvement plan into its LEA plan developed under section 1112 of the ESEA.

In carrying out the Title I, Part A parental involvement requirements, to the extent practicable, the school district and its schools will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required

under section 1111 of the ESEA in an understandable and uniform format and, including alternative formats upon request, and, to the extent practicable, in a language parents understand.

If the LEA plan for Title I, Part A, developed under section 1112 of the ESEA, is not satisfactory to the parents of participating children, the school district will submit any parent comments with the plan when the school district submits the plan to the State Department of Education.

The school district will involve the parents of children served in Title I, Part A schools in decisions about how the 1 percent of Title I, Part A funds reserved for parental involvement is spent, and will ensure that not less than 95 percent of the one percent reserved goes directly to the schools.

The school district will be governed by the following statutory definition of parental involvement, and expects that its Title I schools will carry out programs, activities and procedures in accordance with this definition:

Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—

- (A) that parents play an integral role in assisting their child's learning;*
- (B) that parents are encouraged to be actively involved in their child's education at school;*
- (C) that parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child;*
- (D) the carrying out of other activities, such as those described in section 1118 of the ESEA.*

PART II.

DESCRIPTION OF HOW DISTRICT WILL IMPLEMENT REQUIRED DISTRICTWIDE PARENTAL INVOLVEMENT PLAN COMPONENTS

1. Pickens County Schools will take the following actions to involve parents in the joint development of its districtwide parental involvement plan under section 1112 of the ESEA:

Send a letter home with a copy of the District Parent Involvement Plan at the beginning of the year in the *Title I Packet* asking for parent input. Hold a PCPAC meeting to which all parents are invited, in a timely manner at the beginning of the year asking for parent input. Have copies of the Parent Involvement Plan in the Parent Resource Center at each school with feedback forms. We will also ask for input at our School Advisory Council meetings. All meetings are open and the public is invited to attend.

2. Pickens County Schools will take the following actions to involve parents in the process of school review and improvement under section 1116 of the ESEA:

Parents are encouraged to attend the PCPAC meetings (Pickens County Parent Action Committee) where our Districtwide Parent Involvement Plan, school level Parent Involvement Plans, School Improvement Plans, Equity Plan, Title I Program Survey, are all reviewed as well as how the schools Title I Funds are spent.

3. Pickens County Schools will provide the following necessary coordination, technical assistance, and other support to assist Title I, Part A schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance:

The district will involve school level personnel and administrators in all parent meetings. All feedback from meetings and survey results will be shared with school level administrators and asked that they relay the information in their buildings. A newsletter will be sent to all school level personnel with results from parents saying what they feel would be more effective in communication and what they need to help with their students.

4. Pickens County will coordinate and integrate parental involvement strategies in Part A with parental involvement strategies under the following other programs: Head Start, Thrive to Five, Prevent Child Abuse Pickens, and State-operated preschool programs, by:

Will have a representative to serve on the Board of Directors for Thrive to Five, Prevent Child Abuse Pickens (formally First Steps Healthy Families), coordinate

Kindergarten Round Up with Head Start and local daycare facilities that house State-operated preschool.

5. Pickens County Schools will take the following actions to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement plan in improving the quality of its Title I, Part A schools. The evaluation will include identifying barriers to greater participation by parents in parental involvement activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The school district will use the findings of the evaluation about its parental involvement plan and activities to design strategies for more effective parental involvement, and to revise, if necessary (and with the involvement of parents) its parental involvement policies.

A survey will be sent to all parents of Title I students, in a language they can understand, asking the effectiveness of our Title I programs. The System Parent Involvement Coordinator will be responsible for conducting the survey of all parents. We will ask parents to review and make suggestions on how the survey is worded so that we will be provided with effective answers. This will be done at the PCPAC meetings as well as Title I Meetings and School Advisory Council meetings (all meetings are open to the public).
