Re: Pickens County Board of Education – Superintendent Search

The Pickens County Board of Education (BOE) has begun its search for our next superintendent in earnest. The Board has contracted with the Georgia School Boards Association (GSBA) to assist with the search. GSBA has a vast network of contacts in education across the state of Georgia and the Southeast which will be leveraged in the search. They have worked with the Board to develop an announcement for the position which includes key information about the Pickens County School District, as well as our Pickens County community. The announcement also describes the application process in detail, along with the qualifications for the position as determined by state law and local board considerations. The announcement has been sent out to various contacts across the state and is posted on the GSBA website. Applications will be received through Sunday, March 19th.

Our Pickens County School District is filled with great staff and students who are excelling in many areas. The Pickens BOE is excited about this opportunity to find the next visionary leader for our school district who will work with the Board toward excellence in every area and discipline of our school system.

There will be other press releases updating progress as the search advances.

The announcement for the superintendent search can be found here:
